### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only

## Adventure Safaris

Adventure Safaris is a ministry of the Twin Cities Creation Science Association. Russ McGlenn has several programs you can use in church services, Sunday Schools, youth groups, and even public schools. Here are just a few:

**Pocahontas** is a Thanksgiving program about her Christian faith and gift of peacemaking. Russ has Native American heritage and draws on research into his ancestors to bring insights into the life of Pocahontas.

**Bethlehem Star** is a slide presentation about astronomical events that may have foretold the birth of Jesus.

**Goliath** explores giants in the Bible as well as in modern history. It features a full size nine foot model of Goliath.

The **Top Ten Living Dinosaurs** is a program that shows examples of dinosaurs that are still alive today. Featured is evidence of Minnesota Indians' contact with dinosaurs in the last thousand years.

All programs come alive as attendees hear, see, and touch models to illustrate these Adventure Safaris programs.

We are looking for a church or individuals who would like to help reach refugee and inner city children with the Creation Science Gospel Message. A tax deductible contribution of \$150 per month would help make this possible.

Place February 1-2, 1997 on your calendar for the 2nd annual **Home School Science Fair** at Har Mar Mall. We expect 100 - 200 students with projects that will be exciting for everyone. Helpers are needed so let Russ know if you can help. This is a great oppor-

tunity to get the creationist message out to the community.

We need old Tinker Toy or Erector sets for class experiments. Let us know if you can supply something.

Call **John Nuckols** at (612)757-8107 or **Russ McGlenn** at (612)434-5047 for details on trips, activities & fossil reproductions. All gifts made out to **TCCSA** for **Adventure Safaris** are tax deductible. Be sure to note what your gift is for, such as unreached peoples out-
