CREATION BULLETIN

Al Heitkamp, President

October 2003

Vol. 29, No. 9

Double Header with Dennis Petersen

7:30 PM, October 20 and 21, 2003, Nazareth Hall, Chapel, Northwestern College

Monday evening Dennis Petersen will speak on "The Truth About Ancient Civilizations." This is his most requested topic and you will understand why when you hear it. Areas covered will include; What's the Solution to the Puzzle of Advanced Ancient Cultures? What would be the greatest impact of a society with extraordinary longevity? What are the two major keys missing from modern education's understanding of ancient man? How can a better understanding of man's past improve the choices of our own future? How Can The Truth About Ancient Civilizations Open The Door To People's Hearts?

Tuesday evening the title is, "Seven ways to Share Creation Truths that will Change Lives Forever." Dennis has a passion for God and His Word. As a speaker, author of *Unlocking The Mysteries of Creation* and founder of Creation Resource Foundation (www.creationresource.org) he communicates God and His creation. With humor and an exceptional ability to simplify complex ideas and concepts he is able to impart knowledge to just about anyone. You will learn ways to present the truths of Creation to those around you.

We encourage you to bring the whole family and enjoy two interesting evenings that will leave you wanting more. Mr. Petersen's book will be available for purchase and he should be willing to autograph your copy. Both meetings will be held in the Chapel in Nazareth Hall.

All meeting are free and open to the public. A free-will offering will be taken.

TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that personal faith in Him is necessary for salvation.

Coming up...

November 17 & 18 - Dr. Kevin Anderson - Recent Studies in Creation Science.

Nov. 15 - See insert, not sponsored by TCCSA

December - No meeting or newsletter.

Check www.tccsa.tc for other activities in our area.

O Lord how manifold are Your works! In wisdom You have made them all! The Earth is full of Your

I want to become a member of TCCSA and I subscribe to the Statement of Belief. (Calendar year membership dues are \$20.00. Students do not pay dues.)

Adventure Safaris

By Daniel Nuckols

An ape's protest to a poacher...

Adventure Safaris

Openings for home school coops are still available, contact us if you want a Bible-based science program for your students. Start planning for the science fair February 21-22 at Har Mar Mall. It's a wonderful opportunity to present a Christian worldview to the community.

Adventure Safaris presents the Creator and His designs and laws to homeschool coops and to immigrant and Native-American children. As a nonprofit organization, we are supported by our school work as well as by interested churches and individuals.
