## Two Sessions with Dr. Kevin Anderson

7:30 PM, November 17 and 18, 2003, Nazareth Hall, Chapel, Northwestern College

Dr. Kevin Anderson has a Ph.D. in microbiology with experience in both education and government. He is editor-in-chief of the Creation Research Society Quarterly (the society's technical journal). His primary area of research has been the molecular analysis of bacterial interactions and molecular genetics. With this background, he has been a leading advocate that recent genetic discoveries (such as the human genome project) are not consistent with the claims of evolutionists, and, in fact, provide outstanding evidence for creation. He was recently named Director of The Van Andel Creation Research Center in Chino Valley, AZ.

On the 17th Dr. Anderson will give a more technical talk dealing mostly with the biological aspects of evolution, particularly at the cellular level. He will cover aspects of why speciation actually fits well within a creation model, why antibiotic resistance in bacteria is not a true example of evolutionary change, why mutations cannot drive evolutionary change, the total lack of genetic evidence that evolutionary change has ever occurred, and why the human genome project has become a gold mine for creationists.

Tuesday the talk will discuss how Darwin developed his ideas, what factors influenced his thinking, and how his thinking was popularized and subsequently modified to arrive at today's current ideas regarding evolution. He also plans to incorporate some information on stalactite formation and meteor astronomy. For everyone.

All meetings are free and open to the public. A free-will offering will be taken.

### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that

### Coming up. . .

**December** - No meetings or newsletter, take extra time with your family this Christmas.

**January** - Eugene Sattler, Evolution: The Incredible Hoax

Check [www.tccsa.tc](http://www.tccsa.tc) for other activities in our area.

The MacLaurin Institute at the U of M has programs throughout the year. Call 612-378-1935, on the web at

I want to become a member of TCCSA and I subscribe to the Statement of Belief. (Calendar year membership dues are \$20.00. Students do not pay dues.)

I want to renew my membership in TCCSA (note dues above).

Please keep me on your mailing list (and/or e-mail updates).

I want to make a donation to help TCCSA promote Creation Science.

### Adventure Safaris

By Daniel Nuckols

*Darwin's dad triggers another idea...*

## Adventure Safaris

Russ has moved to California to provide resources to home schools there and to continue working on lesson plans for others to use. Pray for Russ, Trisha and John during this time of change.

Plan to participate in the science fair February 21-22 at Har Mar Mall. A great learning experience for students and a Christian worldview the community rarely sees. See [www.tccsa.tc](http://www.tccsa.tc) for ideas & rules.

Adventure Safaris presents the Creator and His designs and laws to homeschool coops. As a nonprofit organization, we are supported by our school work as well as by interested churches and individuals. All gifts made out to TCCSA are tax deductible.
