## Grand Canyon, a different view

7:30 PM, November 16, 2004, Totino Fine Arts Building Room 116, Northwestern College

In 1980, while managing a corporate computer center in downtown Los Angeles, Tom Vail took a vacation that would prove to be a turning point in his life – a rafting trip through the Grand Canyon. Two years later he became a commercial guide including part-time guide for the Grand Canyon National Park Service.

Tom's time in the Canyon not only lead to a career he loves, it also brought about a spiritual change in his life. In 1994, Tom became a Christian and the following year, he and his wife Paula started Canyon Ministries, which offers Christ-centered rafting trips through the Grand Canyon. Besides their own trips, they run Canyon tours for both *Answers in Genesis* and *Institute for Creation Research*. Tom and His wife Paula live in Phoenix, AZ.

In his book, *Grand Canyon, a different view*, Tom combines the stunning photography of fellow Canyon guide Charly Heavenrich with compelling commentaries of leading creation science writers, researchers, and theologians. The Canyon is shown from the largest geological wonders to the smallest flora, all intricate parts of God's hand at work. Join us as he shares how the Grand Canyon provides evidence for a global Flood and is a living testimony to God's word – all part of an important biblical message.

Coming up . . . December - No meeting or newsletter

January 18 - The start of another great year

### TCCSA's STATEMENT OF BELIEF

We believe in God: The Father, Son and Holy Spirit. We believe that the Bible is the inspired Word of God, and that all of its assertions are historically and scientifically true in the original autographs; this means that the account of origins in Genesis is a factual presentation of actual historical truths.

We believe that the origin of matter and all basic types of living things, including man, came about through direct creative acts of God during the six-day creation week described in Genesis. Whatever biological changes have occurred since the creation week have accomplished only changes within the created kinds.

We believe that the great flood described in Genesis, commonly referred to as the Noachian Flood, was an historic event, world-wide in extent and effect.

We accept the account of the special creation of Adam and Eve as the first man and woman. Their subsequent fall into sin, by disobedience of God's direct command, is the basis for our belief in the necessity of a Savior for all mankind.

Therefore, we believe that Jesus Christ is our Lord and only Savior and that

# Adventure Safaris

Schools open, are your children getting a good well-rounded education? If you want a superior Bible-based science education for your children, please contact us. There are still slots available to fit you in.

Have you checked out the Writing Contest, sponsored by Adventure Safaris and TCCSA? We believe all students need a firm understanding of science and have good research and writing skills. This activity will help prepare your kids for the future. We encourage you to check out our web site to get all the details on rules and ideas. All reports are due on or before March 15, 2005. Also plan to participate in the annual Science Fair, February 19-20 at Har Mar Mall in Roseville. These two activities may be done together on the same subject if desired.

Adventure Safaris presents the Creator, His designs and laws to homeschool coops. Contact us if you are interested in receiving an excellent science education for your students. As a nonprofit organization, we are supported by our school work as well as by interested churches and individuals. All gifts made out to TCCSA are tax deductible. Designate what your gift is for.

You can now go direct to [www.adventuresafaris.org](http://www.adventuresafaris.org) or link from [www.tccsa.tc](http://www.tccsa.tc).
