

The Dance Production

Synchronized dance steps
with my fellow believers
No shame when I stumble
I get back up again
We encourage each other
smiling and laughing
praising the name of Jesus Christ our Lord
I take a step back
I run away and hide
because I fear that others disapprove
But soon I come back
and join the dance again
for God has a production
He has chosen to direct
and He wants all of His people
to simply play their parts
so that His story of Grace
is known to all mankind
