

Finding my Way

In my perplexity amidst the complexity

I cannot see

A way through this maze in front of me.

But I know deep down in my soul

That God understands the way I feel

And He promises to show me where to go

One little step at a time.

I hear people shouting

And scolding me for standing here in a state of shock.

But God sees right into my heart

And He can search it out

To let me know what thoughts reveal

If I do not trust and honor Him.

So here I stand

Though I want to run and hide from the world outside.

But I know God has it all figured out

And all my shame and dismay

Is washed away

By His grace which is sufficient for me

Which makes me strong

Giving me a song

As I carry on

And live to show

This wonderful God I know!
